UDOT to Remove and Reconstruct 2700 North Bridge in Spanish Fork as Part of I-15 CORE Freeway Improvements

Work to Require Closure of I-15 for One Night

LEHI, Utah (June 18, 2010) – Construction teams on UDOT’s Utah County I-15 Corridor Expansion (I-15 CORE) are scheduled to close I-15 both northbound and southbound on Saturday, June 19 from 10 p.m. to 11:30 a.m. Sunday, June 20, to remove the 2700 North bridge in Spanish Fork (1600 South in Springville) that crosses the interstate. During the freeway closure, drivers on I-15 will be detoured around the construction northbound at the Spanish Fork Main Street exit and southbound at the Springville 400 South/S.R. 77 exit to Spanish Fork Main.

The bridge, one of 63 that will be new, replaced or modified as part of the project, will be closed for 180 days. Local traffic can take suggested alternate routes of Main Street in Spanish Fork, or S.R. 51 to 400 South/S.R. 77 in Springville. A map of alternate routes is available online at udot.utah.gov/i15core.

UDOT encourages drivers to plan ahead and stay informed to avoid delays by signing up for weekly e-mail updates at udot.utah.gov/i15core, becoming a Facebook fan at facebook.com/i15core and following on Twitter at twitter.com/i15core. Text updates are also available by texting “i15core” to 83043.
